OBJECTIVE

As a highly skilled communicator with expertise in programming techniques and architecture, and proficiency in programming languages listed in Technical Skills. I am seeking to join a dynamic team at a progressive company to contribute my talents and experience, and further develop my skills.

KEY QUALIFICATIONS

- Demonstrated proficiency in project planning and organization, with a proven ability to prioritize tasks effectively and deliver projects on time and within budget
- Track record of successfully managing multiple tasks and projects simultaneously, while maintaining a high level of attention to detail and quality
- Exceptional communication skills with the ability to build strong relationships with clients and colleagues, and to articulate complex technical concepts in a clear and concise manner

TECHNICAL SKILLS

- **Languages:** C#, Java, Javascript, Python, NodeJS, MySQL,
- **Web Development:** Express, Spring, .Net, SocketIO, React, Git/GitHub

EXPERIENCE

George Brown College DoForYou Capstone

September 2019 – April 2023
Toronto, ON

- Developed a secure web application as a team leader, utilizing Node.js and React for front-end development and MongoDB for the database.
- Designed a user-friendly interface for customers to find service providers and enabled performers to showcase their experience through a portfolio display.
- Demonstrated proficiency in implementing encryption, security measures, authentication, and database functionalities
- The capstone project showcased my expertise in web application development and ability to lead a team to meet project requirements and deadlines

Lencan Origins Corp Software/Mobile Developer

April 2019 – September 2022
Toronto, ON

- Collaborated with a team to develop an Android game using Java, demonstrating proficiency in programming concepts and principles
- Contributed to the design and development of the game, utilizing Java to write clean and maintainable code
- Utilized Android Studio to build and test the game, ensuring its smooth functionality and compatibility across various Android devices.
- Implemented user interface elements, sound effects, and animations to enhance the gaming experience

Education

George Brown College Associate's Degree | Computer Programming & Analysis

Sept 2020 – Present
Toronto, ON
